Lifestyle Adjustment Plans (LAP)	Based on Goals and Lifestyle

Financial Policy and Chiropractic (NSA) Active Life Plans

We are committed to providing you with the best chiropractic care possible in a caring environment and have established our financial policies to achieve that goal. **You will be expected to pay for your chiropractic care at the time service is rendered unless you arrange an Active Life Plan in advance.** Active Life Plans include yearly Corrective Adjustment Plans (CAP), monthly CAP's, or Lifestyle Adjustment Plans. These Active Life Plans are designed to be the most cost-effective way to keep you and your family as healthy as possible. Details of these plans will be discussed with you during your Report of Findings.

Health Insurance:

Health Insurance plans may differ. If we are providers for your insurance plan, and you have chiropractic benefits, we will file the insurance for you. If you have insurance that covers chiropractic, and we are not a provider for that plan we will give you all of the information you need to get reimbursed quickly. This includes your diagnosis, prognosis, copies of your records or reports. We have found it is easier for your record keeping, and ours, if we give you receipts at the end of your first visit and then once per week or month after that. Just send in your receipts with a copy of your claim form and your insurance company will communicate with you about your reimbursement.

If you are like most of our patients and choose to participate in one of our Active Life Plans, there is a possibility that we may file your insurance for you if we are not a participating provider with that insurance. We will discuss this option with you during your Report of Findings.

If you acquire insurance for a specialized situation such as an auto accident or workers compensation injury, and you choose to utilize that coverage, you will be charged our regular office fees until such claim is settled. We will help you get reimbursed as quickly as possible on those claims. You are ultimately responsible for your balance should your insurance company not pay for any portion of your care.

I have read and I understand the above policies.
